PREFACE.

THE present Volume contains the Burton Fleming Registers from 1538 to 1812. The entries in the First Book are written on 62 parchment leaves, measuring $11\frac{3}{4}$ by $7\frac{1}{4}$ inches. In the Second Book the entries are written on 28 parchment leaves, $13\frac{1}{4}$ by $7\frac{3}{4}$ inches.

The First Book has been printed from a revised copy originally made by Mr. J. G. Hall, of Hull, and the other Books from a copy made by the Vicar. The printed copy has been carefully collated with the original Registers.

It will be noticed that the lists of Briefs are unusually complete in the names of places for which collections were required, and are therefore of special interest.

From an entry on page 36 it appears that Queen Henrietta Maria with her army was at Burton Fleming on the 5th March, 1642-3. According to Markham's *Life of the great Lord Fairfax*, pp. 93-4, the Queen landed at Bridlington Quay, from Holland, on the 22nd February, 1643, and from thence proceeded to York, where she arrived on the 9th March.

The thanks of the Society are due to the Vicar for promptly allowing the Registers to be printed, and for the facilities he has kindly afforded, and to Mr. Thonger, the Librarian of the Leeds Library, for kindly undertaking the compilation of the Index.
